The entire amount will be expended in the Salvation Army work in Green-lee county this year. The state quota was fixed at 25,100—the smallest amount asked by this organization

## Five Minute Chats on Our Presidents

By JAMES MORGAN

(Copyright, 1920, by James Morgan.) ONLY DISPUTED ELECTION

1822-Oct. 2, birth of Rutherford B. Hayes at Delaware, O. -Married Lucy Ware Webb. 1861-Major in Ohio Volunteers. 1864-Brigadier General. 1865-67-Member of Congress. 1867-71-Governor of Ohio.

1876-June 15, nominated for President by Republican National Convention at Cincinnati. 1877-Jan. 30, electoral commis

sion appointed March 2,

Hayes himself never was confident of his success.

Nor was the country surprised to read

in the headlines the morning after clec-

tion that Tilden, the Democratic candidate, had won the race. The Republican national headquarters in New York city shut up shop early election night, and the Repubtican campaign managers went to bed

resigned to defeat. Tilden was elected on the face of Washington, D. C. But in 1876 the Repubiicians had not yet acquiesced in the suppression of the negro vote in the South. And If the negroes had not been "persuaded" by various means from going to the polls, Tilden could not have been elected.

from those states two sets of returns the senate and house, open the certificates, "and the votes shall then be counted."

But when there are two sets of votes, who shall say which shall be counted? "The president of the senate," answered the Republicans because the president of the senate was a Republican. "The two houses," said the Democrats, because one of the

houses was Democratic. Compromise was necessary to save the government from chaos and the country from another Civil war. The bitter dispute was left to 15 men, onethird of whom were senators and another third were representatives, equally divided between the parties. To guarantee a calm, judicial decision the remaining third were justices of

the Supreme court. Nevertheless, the commission proceeded to decide every essential question in favor of Hayes by a strict party vote of 8 to 7. Alas, the partisan zeal of that feverish hour burned just as fiercely beneath the gowns of the justices as under the frock coats of

the legislators. The judgment of the commission was without force in law until adopted by the two opposing houses, and some disappointed Democrats in the house balked at ratifying the decision against Tilden. But representatives of Hayes whispered to certain southern Democrats in a secret conference at Wormley's hotel that if they would let the Republicans have the presidency, the Republican president would let them have their own state governments. The bargain having been struck, it was kept. After a turbulent might session of the house the result of the election was declared at four o'clock in the morning of March 2, 1877, just 56 hours

before the inauguration. For three months Hayes himself had been alternating from day to day between expectation of success and defeat. Even when he started for Washington on March 1 he was still so uncertain that he frankly told the people of Columbus in his parting speech movement to which you are now giving that he might be back with them and in the governor's chair again in less than a week.

## GEN. LEONARD WOOD MAKES APPEAL FOR **NEAR EAST RELIEF**

Says Two and a Half Million Starving Armenians Need Help at Once.

Ft. Sheridan, Rl.-Major General Leonard Wood, commanding the Sixth Corps Area, has issued a Lenten sacrifice appeal for funds to save the Armenians from annihilation by starvation and disease. "I feel that how ever many and however worthy the other appeals which are being made to the great heart of America these days may be," he says, "this cry from the little children cannot remain unanswered.

The Near East Relief, 1 Madison avenue, New York City, which has been charged by Congress with the American relief work in the whole Near East, has formed a special "Lenten Sacrifice Appeal Committee," of which Major General Wood is chairman, Charles V. Vickery secretary and Cleveland H. Dodge treasurer, to put before the American people the desperate need of the Christian populations of the Near East, who have suf-

I feel that however many and however worthy the other appeals which are being made to the great heart of America these days may be, this cry from the little children of the land where Christ gave his life for mankind cannot remain unanswered. Will you help to save this martyred

### PRESIDENT ENDORSES THE NEAR EAST RELIEF APPEAL

Washington.-President Harding has given his hearty endorsement to the appeal being made by Maj. Gen. Leonard Wood on behalf of the Near East Relief, I Madison Avenue, New York City, for a nation-wide Lenten Sacrifice Offering to save the starving Christians of the Near East. The President's letter reads:

There ought to be no cessation or relaxation of our sympathetic American efforts to be of service to these stricken people. One can well believe that they will not survive if we withdraw the relief which has heretofore been so generous from the private American purse. It has seemed to me that all we have done has borne dividends tenfold in the consciousness that we have done an humane thing for a people well deserving our generous sympathy.

"I wish you the very greatest sucin furthering the great relief your attention.

# SELL GOVERNMENT SECURITIES

University of Pennsylvania boys have taken the lead in a movement which economists agree is one of prime importance for the financial and mental welfare of America. They are aiding to educate both foreign and native born residents of Philadelphia in sound principles of personal finance, thrift and safe and profitable investment.

These workers have realized that instruction in these subjects without concrete practice and example is often without effect and many of them are making regular canvassing trips throughout the more densely populated districts of the city, inducing the purchase of Government Savings Securities, such as Savings Stamps and Savings Certificates. Regular trips are made to encourage the regular laying aside of a certain portion of each week's earnings and the canvasser travels from door to door, overlooking no opportunity.

The results of this work have been most helpful and satisfactory and have been reflected strongly in the attitude of those addressed, both in the purchase of securities and the piling ap of savings funds.

In connection with this work Charles O. Wright, General Secretary of the Young Men's Christian Association of the Univertsity of Pennsylvania, writes to William Mather Lewis, Director of the Savings Divi-

sion of the Treasury.
"I should like to tell you in just a word, something of the work that the Christian Association of the Univer-sity of Pennsylvania is doing in the sale of Thrift Stamps and Treasury

Savings Stamps. "We have a number of students who volunteer for work in our University Settlement House which is conducted by the Christian Association. A number of these men go throughout the more thickly populated districts of the city from door to door sellings the stamps. This item of our work has assumed large proportions and a number of people have found. themselves with savings on their hands and a habit of saving in their lives in this time of peculiar industrial stress.
